## • EVENT DETAILS / OVERVIEW

### EVENT PURPOSE / AGENDA / INTENDED AUDIENCE

- This is a full-day retreat and leadership forum designed to support current teacher leaders in any school or district. The agenda will include breakout sessions on leading effective instruction and best practices for school improvement. The day will also include dedicated time for participants to learn from each other. We hope to provide an inspiring and informative space for teachers from across districts to network, celebrate, laugh, and learn together.

### REGISTRATION / COSTS / PAYMENT OPTIONS

- Participants may register and pay individually or as a group. Multiple tickets can be purchased at one time, though space is limited. Payment can be made via PayPal or credit card. Schools or districts can pay via p-card for teacher(s) to attend. Registration is transferable, but not refundable. We encourage schools or others to sponsor a teacher by providing their registration.

### PROFESSIONAL DEVELOPMENT / OBJECTIVES / BENEFITS

- The one-day event will be productive and impactful for attendees. The objectives include a review of high-yield instructional strategies and school improvement strategies to impact learning. The day is also designed to support teacher leaders in expanding their professional networks.

### EVENT ORGANIZERS / PLANNING TEAM / SPONSORS

- A dedicated team of teachers from across the Tampa Bay region are meeting to plan the event. The team includes former *Teachers of the Year* from across all local districts. The event is being hosted at the WellCome OM Center in Spring Hill. We appreciate their partnership. The event organization, scheduling, and sessions are being developed with help from Dr. Dan Evans, learning consultant and former Chief Academic Officer. We appreciate his leadership, and for the use of his website for registration.
